This image shows a white, multi-layered decorative corner molding. It features a complex, multi-faceted design with several distinct ridges and grooves. The molding is shown in a corner configuration, with two pieces meeting at a 90-degree angle. The surface has a smooth, slightly glossy finish.

131.470.004

131.527.004

This image shows a dark red, multi-layered decorative corner molding. It has a similar multi-faceted design to the white version, with several ridges and grooves. The molding is shown in a corner configuration, with two pieces meeting at a 90-degree angle. The surface is highly reflective and glossy, showing clear highlights and reflections.
